

Ashland Community Hospital

January 5, 2011

Dear Susan,

I want to share the feeling that our staff and I had following a webinar on G-coding the other day. Whenever we have an interaction with staff at SelectData ,we come away feeling like we are your only customer !

I have felt this whether working with Pam and Marc on SmartScribe or Carla and Anthony on accounts etc. It is a pleasure to be treated with such fantastic customer service and as always, the efficiency is tops.

We are looking forward to a prosperous 2011 with our partners.

Sincerely,
