To Whom It May Concern:

We are very pleased with the services that we are receiving from SelectData. They have helped us tremendously by taking on the responsibility of coding, which frees the nursing staff to allow them to spend more time with our clients.

We have seen a remarkable improvement in our coding proficiencies as evidenced by increases in the payments received from Medicare.

SelectData has shown us how to improve compliance with Medicare rules and regulations, thereby making us better prepared for any audits that may come.

Even though we are a small agency, we consider the investment in SelectData a sound decision and money well spent.
